Work Experience

Junior Frontend Web Developer

04/2023 – 04/2024

Icon Tees Nigeria Limited - Technology
Department

- Created and maintained responsive web interfaces for company internal applications using HTML, CSS, and JavaScript
- Worked closely with designers, backend developers and project managers to implement new features and improve existing functionalities
- Optimised web performance that led to a 10% improvement in page load times
- Debugged and troubleshooted several frontend issues and bugs promptly, ensuring high availability and reliability of web applications

Frontend Web Developer Intern

01/2021 – 10/2022

Strad. Strategic Technology Innovations Company Limited – Technology Department

- Assisted in building and enhancing web platforms for e-learning solutions using HTML, CSS and JavaScript, facilitating interactive learning experiences for students and teachers
- Worked under the guidance of senior developers to implement frontend features to ensure alignment with design specifications and user requirements
- Actively participated in daily stand-ups, sprint planning, and code reviews, contributing to the agile development process and ensuring timely delivery
- Followed best practices in code versioning and documentation using Git, ensuring clean, maintainable, and well documented code for future development

Freelance Web Development

08/2021 – 03/2023

Self employed

- Created websites for small businesses using HTML, CSS, and JavaScript delivering tailored solutions to meet each client's unique needs
- Ensured that all web applications were fully responsive and optimized for various devices, enhancing accessibility and user experience across desktops, tablets and smartphones
- Engaged with clients to gather requirements, provide project updates, and offer technical advice, ensuring that the final product met their expectations and business goals.
